

# Pai Pai Growth Plan (Ensenada)

**Prepared by:** Yael Perez Ochoa • **For:** Dad (Pai Pai)

**Goal:** Convert cruise passengers into Pai Pai visitors

# The Goal (Simple + Clear)

## Primary objective

- Bring more cruise travelers who dock in Ensenada to Pai Pai
- Make it easy to discover, trust, and book

## Success looks like

- More bookings per cruise day
- Higher review volume + better visibility online
- Measurable conversion from “saw it” → “visited”

-

# Why This Is Worth Pursuing (Market Opportunity)

## Ensenada cruise traffic is massive

Ensenada reached **1M cruise passengers** by **Oct 2025**  
Forecast **~1.3M passengers** and **~355 cruise calls** in 2025

## Why this matters 1

Even a **0.3% conversion** = thousands of visitors/year  
Small improvements can create big gains

# How Cruise Passengers Decide (Key Insight)

## Cruise visitors behave differently

- Time-limited (4–8 hours)
- Want fast, safe, easy logistics
- Trust social proof (reviews + short videos)

## Their decision funnel

1. Search “things to do Ensenada”
2. Check reviews (Tripadvisor/Google)
3. Choose a bookable excursion
4. Confirm transport + timing

# What We Have So Far (Your Current Ideas)

## Ideas discussed

- Pai Pai Season Pass
- Create an App (tickets, map, videos)
- Create English-focused social media presence

## Reality check

- All can help, but **not equally** for cruise conversion
- Prioritize what converts fastest for lowest cost

# Your 3 Ideas (Quick Evaluation)

## Season Pass

Good for **locals/repeat visitors**  
Not a main cruise driver

## App

Expensive + low chance  
cruise visitors download  
Better: mobile website + QR  
guide

## English Social

High potential if consistent  
Focus on short videos +  
clear logistics

# What's Worth Doing First (Best ROI)

## Objective 1

**Create an English social media presence** (short videos + clear info for cruise travelers)

Cruise visitors want: **fast info, trust, easy booking**

### Highest impact moves:

- **Mobile-friendly website + clear pricing**
- **Book Now** (online booking)
- Strong **reviews + listings** (Google/Tripadvisor)
- One clear **Cruise Excursion** offer (timed + simple)
- Strengthen TripAdvisor (more reviews + better photos + clearer “cruise-friendly” messaging) to increase conversions

# Costs (Simple Ranges)

- Website improvements (freelancer):  
**\$1,000–\$5,000**
- Booking software: **~\$99/month + small fees**
- Social media help: **\$100–\$5,000/month** (depends on scope)
- Optional: Basic season pass setup (QR + simple system): **\$0–\$3,000**

# The Cruise Conversion Engine (What We Should Verify + Improve)

Pai Pai is already visible on TripAdvisor (good sign)

The “bookable experience” is managed by a third party → we may not control the funnel

Goal: improve conversion by tightening:

- ownership/control (who manages listings + bookings)
- clarity (what’s included, pickup/timing)
- consistency (photos + messaging across platforms)
- measurement (bookings per cruise day + review growth)

# Plan + Success Metrics (Phased + Simple)

## Phase 1 (2–4 weeks)

- Fix website + add booking
- Create 1 “Cruise Excursion” landing page
- Optimize Google + Tripadvisor Wix website + add booking
- Create English Social Media (PAI PAI Ecotourism park English)

## Phase 2 (1–3 months)

- Add Viator/GetYourGuide listings
- Consistent English-friendly content

**KPIs (Key performance Indicator) =Numbers we track to prove growth)**

- Bookings per cruise day
- Website visits → bookings
- New reviews per month
